THE COMING OF NIGHT. The glittering sun shines angrily

Its rays like a shining crown;
But the cool, gentle night
Does challenge its might,
And retreating, the sun goes down.

AN ALLEGORY.

LONG time ago, when there were no schools and only a few people had any education. there ruled a wicked witch called ignorance. This wicked witch had under her rule a good fairy named Education, but she was so weak that she could not even try to defend herself.

As years passed by, Education broke away from Ignorance's rule

"The Homes Corporation, well administered, can depend on receiving leans from financial institutions for approximately one-half of its requirements and will receive subscriptions from individuals and business corporations for the balance. Immediately on the public announcement that such a corporation is in process of formation it is reasonable to assume that small and large sums can be obtained, since the appeal of stabilized rent for a period of five years will bring many subscriptions from those deeply affected by rising rents, including all corporations desired to obtaining greater efficiency from their help through proper housing facilities.

## Sheets—ordinary tablecloths and heavy bedspreads

Now you can just soak them clean

THESE bulky things can now be washed A at home almost as easily as handkerchiefs!

No need to rub them on the washboard. No need to boil them. Hours of heavy lifting and awkward handling saved. All you do is soak them and rinse them and they are ready for the line-snow-white, with not the shadow of a speck on them!

How can just soaking make them clean?

Easily. If you soak them in Rinso suds. Rinso is a new form of soap for the family washing. Not a cake of soap, not a washing powder. It comes in fine granules so rich in pure soap that they loosen every bit of dirt as the clothes soak. When you rinse the clothes the dirt just falls out.

Only badly soiled places need a very little rubbing with your hands to make these, too, gleaming white! Even in cold water Rinso cleans in the same wonderful way.

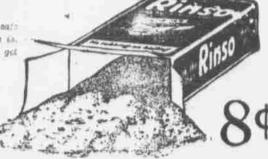

And best of all, there are no harsh cleansing agents in Rinso, no gritty substances to "eat" your clothes. It is so pure and mild that your clothes soak as safely in Rinso suds as in water.

Those sheets now in your hamper-get them out and try washing them this new Rinso way. Nothing will so well show you how wonderful Rinso really is. Get a package today from your grocer or any department store. Lever Bros. Co., Cambridge, Mass.
